

SERAPHON

SUNBLOODED PROWLERS

This Spearhead army consists of the following units:

GENERAL

◆ Sunblood Pack with Venomites token

Designer's Note: *Even though the Sunblood Pack is a unit of three models, it is referred to as your 'general'.*

UNITS

- ◆ 5 Saurus Warriors
- ◆ 5 Saurus Warriors
- ◆ 5 Hunters of Huanchi
- ◆ 5 Hunters of Huanchi
- ◆ 3 Terrawings
- ◆ 1 Spawn of Chotec

Stealth and brutality epitomise a band of Sunblood Prowlers. These expert hunters are relentless seekers of prey, Seraphon charged with the eradication of specific threats to their slann lords' enigmatic plans. Once they have the scent of a foe, nothing save death can dissuade them from their task.

An eclectic but adaptable force, the Sunblooded Prowlers are drawn together under an astral confluence sacred to three of the mighty Old Ones. The chameleonic Hunters of Huanchi are fast-moving and able to seize ground for the slower saurus to exploit. These warriors are the brute strength of the cohort, a solid and unyielding block of scaly flesh. Their saurus leader and his warriors form the Sunblood Pack, and little can withstand their ferocity. Accompanied by its skink Sun Acolytes blessed by Itzl, a Spawn of Chotec delivers gouts of flaming acid, whilst Terrawings bite and hinder. Foes are quickly run to ground by these ruthless Seraphon, and woe betide any who incur their ire.

'Warmbloods trespass. Warmbloods will die.'

– Kro-Jax, the Aegis

Led by a formidable Sunblood Pack, these Sunblooded Prowlers spring through foliage-choked jungles and ancient ruins in pursuit of their enemies. The roar of the saurus is the last sound a foe will hear before they close in...

BATTLE TRAITS

HIDDEN HUNTERS

The Hunters of Huanchi can blend in with their surroundings and vanish from sight.

Your 2 **Hunters of Huanchi** units and the **Spawn of Chotec** are not set up during the deployment phase. Instead, from the third battle round onwards, they can use the following ability:

➤ Your Movement Phase

CHAMELEON AMBUSH: *The Hunters of Huanchi and the Spawn of Chotec emerge from hiding to unleash a hail of potent poisoned projectiles.*

Effect: Set up this unit anywhere on the battlefield more than 6" from all enemy units.

⚔ End of Any Turn

VENGEANCE OF AZYR: *The celestite weapons carried by the warriors of a Sunblooded Prowlers host are supercharged with the power of Azyr.*

Declare: Pick each enemy unit in combat with a friendly **SAURUS** unit to be the targets.

Effect: Roll a dice for each target. On a 4+, inflict 1 mortal damage on the target.

REGIMENT ABILITIES: Pick 1 of the following regiment abilities.

🛡 Your Hero Phase

SCALED AEGIS: *The tenacity of the saurus Sunbloods is legendary, and that of the cohorts under their command equally so.*

Declare: Pick a friendly **SAURUS** unit to be the target.

Effect: Roll a dice. On a 3+, that unit has **WARD (6+)** until the start of your next turn.

🏹 Your Shooting Phase

FOLLOWERS OF HUANCHI: *Huanchi guides the shots of the skinks and their bestial companions.*

Declare: Pick a friendly **SKINK** unit to be the target.

Effect: Roll a dice. On a 3+, the target's ranged weapons have **Crit (Auto-wound)** for the rest of the turn, including **Companion** weapons.

ENHANCEMENTS: Give your general 1 of the following enhancements.

➤ Your Hero Phase

INSTINCTIVE COMMANDER: *The saurus Sunblood has no need to utter orders, his warriors advancing with instinctive understanding.*

Declare: Pick a visible friendly unit wholly within 12" of your general and not in combat to be the target.

Effect: Roll a dice. On a 3+, the target can immediately use the 'Normal Move' ability as if it were your movement phase.

⚔ Any Combat Phase

SAVAGE MAULING: *Once the saurus Sunblood begins the dismemberment of the enemy, even mystical defences crumble under his terrible strength.*

Declare: Pick an enemy unit in combat with your general to be the target.

Effect: Ward rolls cannot be made for the target for the rest of the turn.

⚔ Any Combat Phase

VENOMITE SWARM: *Lethal venom drips from the fangs and claws of Sotek's Venomites.*

Declare: Pick an enemy unit in combat with your general to be the target.

Effect: If your general's **Venomites** token is on the battlefield, roll a D3. On a 1, remove that token from the battlefield. On a 2+, inflict an amount of mortal damage on the target equal to the roll.

⚔ End of Any Turn

BLESSED BY THE OLD ONES: *The Sunblood is whisked away by powers unseen moments before a fatal blow can fall, perhaps granting his indomitable spirit time enough to bring him to his feet once more.*

Declare: Your general must use this ability if it has been destroyed. Roll a dice.

Effect: On a 2+, you can set up a replacement unit with 1 **Sunblood** model anywhere on the battlefield more than 6" from all enemy units.

A Sunblood is a potent warrior and leader whose roaring savagery inspires his fellow Seraphon to acts of primal ferocity in the name of the Old Ones. Always accompanied by a pair of Saurus Bodyguards who would give their lives for their charge, the Sunblood Pack is a formidable opponent that any foe would do well to think twice about engaging in combat.

The models in this unit are 1 Sunblood and 2 Saurus Bodyguard. Each model is armed with Celestite Weapons. This unit's Venomites are a token.

⚙️ **Passive**

SCALED PROTECTORS: The saurus bodyguard know no other purpose than to follow and protect their Sunblood leader until their dying breath.

Effect: While this unit includes a **Sunblood**, ignore the first damage point that would be allocated to this unit each phase and add 1 to this unit's control score.

⚔️ **Your Hero Phase**

SAVAGE BELLOW: The Sunblood loses a fearsome bellow, inspiring a fearsome savagery in his warriors.

Declare: Pick a visible friendly unit wholly within 12" of this unit to be the target and roll a dice.

Effect: On a 3+, the target's weapons have **Crit (2 Hits)** for the rest of the turn, including **Companion** weapons.

SUN ACOLYTES: The Sun Acolytes that accompany a Spawn of Chotec carry out complex tasks upon the battlefield safe in the knowledge that the salamander serves as a deadly deterrent to all threats.

Effect: This unit has a crew of 3 **Sun Acolytes** that are tokens. Add 1 to this unit's control score for each **Sun Acolyte** it has. If this unit has no **Sun Acolytes**, it has a maximum control score of 1. Each time you make an unmodified save roll of 1 for this unit, remove 1 of its **Sun Acolytes** from the battlefield after the **ATTACK** ability has been resolved (the damage point is still inflicted).
