

# LIBER ADDENDA

As the range of Legions Imperialis miniatures grows, new options will need to be added to Army Lists as part of the Liber Addenda. This Liber Addenda adds additional weapon options to the Reaver Battle Titan and Warbringer Nemesis Titan Datasheets, as well as adjusting the profiles for several other titan weapons.

Add the following bullet points to the list a Reaver Battle Titan may have two weapons chosen from:

- Reaver graviton obliterator
- Reaver volkite annihilator
