Call The Kill: STRATEGIC GAMBIT if this operative is in the killzone. Select one enemy operative to be your mark for the turning point. Whenever a friendly **FARSTALKER KINBAND** operative is shooting against, fighting against or retaliating against your mark, that friendly operative's weapons have the Balanced weapon rule. Whenever your mark is incapacitated, you can select a new enemy operative to be your mark for the turning point (and can continue to do so during this turning point).

Victory Shriek: Whenever your mark is incapacitated, you can select one friendly **FARSTALKER KINBAND** operative within 6" of this operative. Until the end of the battle, that operative's weapons have the Balanced weapon rule. Each friendly operative can only be selected for this rule once per battle.

Vicious Duellist: Whenever this operative is fighting or retaliating, for each attack dice your opponent discards as a fail, inflict 1 damage on the enemy operative in that sequence.

Savage Assault: The first time this operative performs the **Fight** action during each of its activations, if neither it nor the enemy operative in that sequence is incapacitated, this operative can immediately perform a free **Fight** action afterwards, but you cannot select any other enemy operative to fight against during that action (and only if it's still valid to fight against). Bad-tempered: Whenever an enemy operative performs the **Fight** action, if this operative is a valid operative to fight against, you can force them to select this operative to fight against instead. Whenever an enemy operative ends the **Charge** action within control range of another friendly **FARSTALKER KINBAND®** operative within 3" of this operative, if this operative isn't within control range of enemy operatives, this operative can immediately perform a free **Charge** action, but must end that move within control range of that enemy operative.

GATHER 1AP

▶ Perform a free **Dash** or **Reposition** action with this operative. During that move, it can perform a free **Pick Up Marker** or **Place Marker** action (you can determine control during that action to do so), and any remaining move distance it had from the **Dash** or **Reposition** action can be used after it does so.

Other than **HOUND** and **WARRIOR** operatives, your kill team can only include each operative on this list once. Your kill team can only include up to two **HOUND** operatives.

FARSTALKER KINBAND FACTION RULE

FARSTALKER

Farstalker Kinbands move and fight instinctively, reacting to developing battlefield conditions with an inhuman speed of thought.

In the Ready step of each Strategy phase, you can change the order of up to three friendly **FARSTALKER KINBAND** operatives that are not within control range of enemy operatives.

Whenever it's your turn to counteract, you can change the order of one friendly **FARSTALKER KINBAND** operative that's not within control range of enemy operatives instead. This still counts as you counteracting (so activation alternates back to your opponent afterwards), but doesn't count as that friendly operative's counteraction for this turning point.

FARSTALKER KINBAND STRATEGY PLOY

CUT-THROATS

Kroot warriors are lethal melee combatants. Their bladed weapons are capable of tearing through exposed flesh with ease.

Add 1 to the Atk stat of friendly **FARSTALKER KINBAND ** operatives' melee weapons (to a maximum of 5).

FARSTALKER KINBAND STRATEGY PLOY

ROGUE

Kroot Farstalkers are naturally gifted hunters, using cover and shadow to their advantage as they close in upon their prey.

Whenever an operative is shooting a friendly **FARSTALKER KINBAND ** operative:

- Ignore the Saturate weapon rule.
- If you can retain any cover saves, you can retain one additional cover save, or you can retain one cover save as a critical success instead. This isn't cumulative with improved cover saves from Vantage terrain.

FARSTALKER KINBAND STRATEGY PLOY

PREY

When a Kroot Farstalker has selected their target, the hunter's focus is directed fully towards bringing down their chosen prey.

Whenever a friendly **FARSTALKER KINBAND ** operative is shooting during an activation in which it hasn't performed the **Charge**, **Fall Back** or **Reposition** action, its ranged weapons have the Balanced and Severe weapon rules; if the weapon already has the Balanced weapon rule, it has the Ceaseless and Severe weapon rules instead. Note that operative isn't restricted from performing those actions after shooting.

FARSTALKER KINBAND STRATEGY PLOY

BOUND

The long, muscular legs of the Kroot allow them to cover great distances in a single, bounding leap.

During each friendly **FARSTALKER KINBAND ** operative's activation, you can ignore the first vertical distance of 2" they move during one climb up.

FARSTALKER KINBAND FIREFIGHT PLOY

SAVAGE AMBUSH

Kroot Farstalkers are ambush predators, relying upon stealth, speed and bursts of savage violence to take down their enemies.

Use this firefight ploy during the **Fight** action when a ready friendly **FARSTALKER KINBAND ** operative that has Light or Heavy terrain within its control range is selected to fight against. In the Resolve Attack Dice step of that sequence, you resolve the first attack dice (i.e. defender instead of attacker).

FARSTALKER KINBAND FIREFIGHT PLOY

SLIP AWAY

Lithe and agile, the Kroot melt away from a fight using the same speed with which they strike.

Use this firefight ploy during a friendly **FARSTALKER KINBAND ** operative's activation, before or after it performs an action. During that activation, that operative can perform the **Fall Back** action for 1 less AP.

FARSTALKER KINBAND FIREFIGHT PLOY

POACH

Farstalker Kinbands avoid protracted fights, using their speed and dexterity to advance upon and seize their objectives as swiftly as possible.

Use this firefight ploy during a friendly **FARSTALKER KINBAND ** operative's activation. Until the end of that activation, that operative doesn't have to control a marker to perform the **Pick Up Marker** or mission actions that usually require this (this takes precedence over that action's conditions – it only needs to contest the marker).

FARSTALKER KINBAND FIREFIGHT PLOY

VENGEANCE FOR THE KINBAND

Farstalker Kinbands are bonded by blood. The death of an ally awakes within the survivors a vengeful fury.

Use this firefight ploy when a friendly **FARSTALKER KINBAND ** operative is incapacitated by an enemy operative. Until the end of the battle, whenever another friendly **FARSTALKER KINBAND ** operative is shooting against, fighting against or retaliating against that enemy operative, that other friendly operative's weapons have the Relentless weapon rule. You cannot use this ploy again during the battle until that enemy operative is incapacitated.

FARSTALKER KINBAND FACTION EQUIPMENT

PIERCING SHOT

The Kroot make use of many forms of specially crafted ammunition. Bullets tipped with hardened alloys can punch through cover and armour alike.

Once per turning point, when a friendly **FARSTALKER KINBAND** operative is performing the **Shoot** action and you select a Kroot rifle, Kroot scattergun or dual Kroot pistols (focused), you can use this rule. If you do, until the end of that action, that weapon has the Piercing 1 weapon rule. You cannot use the Piercing Shot and Toxin Shot rule during the same action.

FARSTALKER KINBAND FACTION EQUIPMENT

TOXIN SHOT

Kroot toxin bullets contain reservoirs of venom extracted from various alien fauna, all of which is incredibly lethal.

Once per turning point, when a friendly **FARSTALKER KINBAND** operative is performing the **Shoot** action and you select a Kroot rifle, Kroot scattergun or dual Kroot pistols (focused), you can use this rule. If you do, until the end of that action, that weapon has the Lethal 5+ and Stun weapon rules. You cannot use the Piercing Shot and Toxin Shot rule during the same action.

FARSTALKER KINBAND FACTION EQUIPMENT

MEAT

Kroot physiologies are far more resilient than their wiry frames suggest. The ingestion of raw meat only serves to bolster their regenerative abilities.

Once per turning point, when a friendly **FARSTALKER KINBAND** operative (excluding **HOUND**) is activated, if it's not within control range of enemy operatives, you can use this rule. If you do, that friendly operative regains up to D3+1 lost wounds.

FARSTALKER KINBAND FACTION EQUIPMENT

TROPHY

Kroot Farstalkers seek to cut down the most powerful of foes. They will aggressively pursue any enemy they judge worthy and harvest trophies from the corpse.

Once per battle, during a friendly **FARSTALKER KINBAND** operative's activation (excluding **HOUND**), before or after it performs an action, if it's not within control range of enemy operatives, you can use this rule. If you do, add 1 to that friendly operative's APL stat until the end of its activation.

FARSTALKER KINBAND OPERATIVES

2

Farstalker Kinbands operate as scouts for the Kroot species. They range far and wide throughout the galaxy, seeking new and valuable genetic material to return to their Shapers. Farstalker Kinbands contain expert trackers, hunters and guerrilla fighters who are capable of matching far more technologically advanced foes.

KROOT KILL-BROKER

Farstalker Kinbands are led by Kill-brokers. These Kroot are not only expert tacticians and skilled fighters, but also able negotiators, ensuring their kin receive just rewards for their services.

KROOT BOW-HUNTER

The accelerator bows wielded by these Kroot are distinctive weapons, with a Kroot rifle at their core. When fired, the bow's curves crackle with energy, charging the loaded arrow's head. Effects on struck enemies vary depending on the material the arrowhead is made from.

KROOT COLD-BLOOD

Cold-bloods have fought as mercenaries for many years indeed. They have seen and experienced much, and little inspires fear in them. The knowledge they have gained makes them adept with different ammunition types, selecting the optimum shot for each kill they wish to make.

KROOT CUT-SKIN

These Kroot have fully embraced close-combat fighting. Swift and ferocious, Cut-skins launch a flurry of savage blows against their foes, giving the enemy no opportunity to strike back before they are cut down.

KROOT HEAVY GUNNER

Kroot will fight for or against almost any race in the galaxy. In the process they are paid with – or steal – exotic weapons such as Dvorgite skinners, which charge biological material to create a searing stream of energy, or Londaxi tribalests – anti-armour weapons that fire solid shots at high speeds.

KROOT HOUND

Fast, nimble, ferocious and incredibly loyal to their Kroot masters, Kroot Hounds are natural companions to the Farstalker Kinbands. These beasts can steal into narrow passageways, recover objects and rip foes apart with their beaked jaws.

KROOT LONG-SIGHT

The finest shots in Farstalker Kinbands, Long-sights carry long-barrelled Kroot hunting rifles. They will gladly conceal themselves in position for days at a time to make the perfect shot. Few in their sights ever live to tell the tale.

KROOT PISTOLIER

Cool under pressure and comfortable fighting close to the enemy, Kroot Pistoliers are dexterous and quick-thinking fighters. Once in optimum range, they unleash a fusillade from their pistols that is almost impossible to escape.

KROOT STALKER

Even among Kroot, these warriors are particularly able infiltrators and hunters. They possess an almost preternatural understanding of terrain and the art of concealment, able to get extremely close to an enemy before moving in for the kill.

KROOT TRACKER

These Kroot share a very strong personal bond with their Pech'ra – a bird that hails from Pech itself. The two work in a synchronised manner to aid their Kinband. The Pech'ra can not only distract enemies, but also warn the Kroot of the foe's presence.

KROOT WARRIOR

Kroot Warriors are fierce fighters, expert hunters and relentless trackers. Those of Farstalker Kindreds have spent many years as mercenaries, gaining much experience in war as well as consuming genetic material for the betterment of their kind's future.
