MIRROR OF MINDS

► **PSYCHIC.** Select one enemy operative that's a valid target for and within 8" of this operative. Both players roll five D6. Pair your dice with your opponent's dice based on matching results. For each matching pair, inflict D3 damage on that enemy operative (to a maximum of 8). For example, if you rolled **6, 5, 5, 2, 1** and your opponent rolled **6, 5, 4, 3, 1**, you would inflict 3D3 damage on that enemy operative.

◆ This operative cannot perform this action while within control range of an enemy operative.

► **PSYCHIC.** Select one ready enemy operative visible to this operative and roll one D6. Until the end of the turning point, that enemy operative cannot be activated or perform actions until it's the last enemy operative to be activated, or until your opponent has activated a number of enemy operatives after this action equal to the result of the D6 (whichever comes first).

◆ This operative cannot perform this action while within control range of an enemy operative.

VOID-DANCER TROUPE FACTION RULE

SAEDATH

Void-dancer Troupes put on a performance as they attack from the Webway. A single player begins in the pivotal role, then the rest of the troupe progressively join in.

As a **STRATEGIC GAMBIT** in the first turning point, you must select an **ALLEGORY** (Epic or Melodrama below) for your kill team for the battle, and one friendly **VOID-DANCER TROUPE** operative to have the **PIVOTAL ROLE** for the battle. Whenever a friendly operative has the **PIVOTAL ROLE**, it has the **ACCOLADE** rule of your **ALLEGORY** for the battle.

As a **STRATEGIC GAMBIT** in each subsequent turning point, you can select one friendly **VOID-DANCER TROUPE** operative to gain the **ACCOLADE** rule of your **ALLEGORY** for the battle.

Once per turning point, when a friendly operative that has the **PIVOTAL ROLE** completes the performance of your **ALLEGORY**, you can select one friendly **VOID-DANCER TROUPE** operative to gain the **ACCOLADE** rule of your **ALLEGORY** for the battle.

CONTINUES ON OTHER SIDE ▶

Epic

Performance: The operative incapacitates an enemy operative while fighting.

Accolade: Whenever this operative is fighting, its melee weapons have the Balanced weapon rule.

Melodrama

Performance: The operative incapacitates an enemy operative while shooting.

Accolade: The operative's ranged weapons have the Balanced weapon rule.

VOID-DANCER TROUPE FACTION RULE

HARLEQUIN'S PANOPLY

The tools of the Harlequins' trade afford them additional mobility and make them highly difficult to target, enabling them to dodge away from piercing shots of plasma and melta fire.

Whenever an operative is shooting a friendly **VOID-DANCER TROUPE**  operative, and no attack dice are retained as critical successes, worsen the x of the Piercing weapon rule by 1 (if any). Note that Piercing 1 would therefore be ignored.

Whenever a friendly **VOID-DANCER TROUPE**  operative is climbing up, you can treat the vertical distance as 2" (regardless of how far the operative actually moves vertically).

Friendly **VOID-DANCER TROUPE**  operatives can move within control range of enemy operatives (they must still start and end the move following all requirements for that move).

VOID-DANCER TROUPE STRATEGY PLOY

DARTING SALVO

Advancing in a dazzling blurr of vibrant colour, Harlequins fire on the move, leaping away before their opponents can return fire.

Whenever a friendly **VOID-DANCER TROUPE**  operative performs the **Reposition** action during its activation, it can perform the **Shoot** action during that action (it must do so in a location it can be placed, and any remaining move distance it had from that **Reposition** action can be used after it does so).

VOID-DANCER TROUPE STRATEGY PLOY

RISING CRESCENDO

With each darting advance and lethal flourish, the tempo of the troupe's performance increases, building towards a violent crescendo.

Friendly **VOID-DANCER TROUPE**  operatives can perform the **Dash** action during the same activation in which they performed the **Charge** action, but not vice versa (i.e. not **Dash** then **Charge**).

VOID-DANCER TROUPE STRATEGY PLOY

PRISMATIC BLUR

So swift and dazzling are the Harlequins that even veteran marksmen struggle to draw a bead upon their lithe forms.

Whenever an operative is shooting a friendly **VOID-DANCER TROUPE**  operative that performed an action in which it moved during this turning point, you can re-roll one of your defence dice.

VOID-DANCER TROUPE STRATEGY PLOY

CEGORACH'S JEST

Attempts to engage the troupe in melee combat meet with little success. Luckless assailants find their well-aimed strikes meeting only thin air.

Whenever a friendly **VOID-DANCER TROUPE**  operative is fighting or retaliating and your opponent strikes with a normal success, you can roll one D6: if the result is less than the Hit stat of your opponent's selected weapon, that strike is allocated to block one of your dice instead (ignore the Brutal weapon rule, if relevant) and you cannot use this rule for the rest of the sequence.

VOID-DANCER TROUPE FIREFIGHT PLOY

MURDEROUS ENTRANCE

The Harlequin assault materialises with terrifying speed, a flurry of deadly blows landing before the foe can raise a blade in response.

Use this firefight ploy when a friendly **VOID-DANCER TROUPE**  operative is fighting during an activation in which it performed the **Charge** action, after you strike. You can immediately resolve another of your normal successes as a strike (before your opponent), or one of your critical successes if there are none.

VOID-DANCER TROUPE FIREFIGHT PLOY

THE CURTAIN FALLS

Upon landing a devastating blow, the Harlequin disengages, leaving their wounded opponent flailing desperately in response.

Use this firefight ploy when a friendly **VOID-DANCER TROUPE**  operative is fighting, after you strike with a critical success, if the enemy operative isn't incapacitated. End that sequence (any remaining attack dice are discarded) and immediately perform a free **Fall Back** action up to 3" with that operative (then the **Fight** action ends). That operative can do so even if it's performed an action that prevents it from performing the **Fall Back** action.

VOID-DANCER TROUPE FIREFIGHT PLOY

ELUSIVE TARGET

Swift, agile and graceful, Harlequins dart from cover to cover, evading their opponents with contemptuous ease.

Use this firefight ploy during a friendly **VOID-DANCER TROUPE**  operative's activation. Until the start of its next activation, while that operative has a **Conceal** order and is in cover, it cannot be selected as a valid target, taking precedence over all other rules (e.g. **Seek**, **Vantage** terrain) except being within 2".

VOID-DANCER TROUPE FIREFIGHT PLOY

DOMINO FIELD

Harlequins bear a variety of esoteric equipment, including the ubiquitous Domino Field, which breaks up their outline and renders them difficult to target.

Use this firefight ploy when an operative is shooting a friendly **VOID-DANCER TROUPE** operative, during the Resolve Defence Dice step. You can allocate one of your rolled successful dice to block all of your opponent's attack dice with matching results (e.g. one of your successful defence dice results of 5 can be used to block all successful attack dice results of 5).

VOID-DANCER TROUPE FACTION EQUIPMENT

WRAITHBONE TALISMAN

Charged with psychic power, this item provides fleeting insight to the bearer, enabling them to strike their opponents with unerring accuracy.

Once per turning point, when a friendly **VOID-DANCER TROUPE** operative is shooting, fighting or retaliating, if you roll two or more fails, you can discard one of them to retain another as a normal success instead.

VOID-DANCER TROUPE FACTION EQUIPMENT

SHRIEKER TOXIN ROUNDS

Coated with virulent genetic toxins, these rounds cause the flesh of the target to twist, distort and rupture to devastating effect.

Once per turning point, when a friendly **VOID-DANCER TROUPE** operative is performing the **Shoot** action and you select a shuriken pistol or shrieker cannon (focused), you can use this rule. If you do, until the end of that action, that weapon has the Devastating 1 weapon rule.

VOID-DANCER TROUPE FACTION EQUIPMENT

DEATH MASK

On occasion, a Harlequin must perish in order to fulfil their role in the saedath. Such dedication emboldens those in their troupe that survive.

Keep a Tragedy tally. Whenever a friendly **VOID-DANCER TROUPE** operative that has an **ACCOLADE** rule is incapacitated, add 1 to your Tragedy tally. When your Tragedy tally reaches 3, you gain 1CP and stop that tally.

VOID-DANCER TROUPE FACTION EQUIPMENT

UNDERSTUDY'S MASK

This item allows Harlequins to change roles during the saedath. Should one who holds a pivotal role be slain, another will swiftly take their place.

Once per battle, when you activate a friendly **VOID-DANCER TROUPE**  operative, if the friendly operative that has the **PIVOTAL ROLE** has been incapacitated, you can use this rule. If you do, that activated operative has the **PIVOTAL ROLE** for the battle.

RULES COMMENTARY

OCTOBER '25

This section provides clarification on ambiguous and complex rules interactions.

Q: *Does 'Once per turning point' in the **PLAYER** operative's Luck of the Laughing God rule mean I can only use this rule once during each turning point, no matter how many friendly operatives have that rule?*

A: Yes.

FIREFIGHT PLOYS, ELUSIVE TARGET

VOID-DANCER TROUPE OPERATIVES

Even amongst the agile Aeldari, the Harlequins of the Void-dancer Troupes display an almost preternatural level of dexterity and skill. Performance and war merge in their actions, precisely directed to shape the fate of their race.

2

LEAD PLAYER

Choreographers of conflict, Lead Players are experienced Harlequins clad in extravagant garb. They direct their warriors' reactions to the fates of battle and ensure their comrades' performances in the theatre of war is as perfect as it can be.

DEATH JESTER

The arrival of a Death Jester in a killzone is announced by a hissing storm of shrieker cannon fire. Enemy infantry are torn apart as the weapon's gene-toxins cause them to combust horrifically from within. Adding insult to injury, the Death Jester ensures every demise is cruelly ironic.

PLAYER

Harlequin Players perform with breathtaking skill, whether their stage is a wraithbone-and-glass amphitheatre bathed in crystalline light or the firelit hell of the battlefield. They tumble, sprint and leap, with every trigger squeeze and blade slash bringing orchestrated death to the enemy.

SHADOWSEER

Shadowseers can blind foes and drive them mad with their psychic powers. As they obscure their allies with illusions, they fire hallucinogenic grenades that cause disorientation or death. In close combat, Shadowseers' miststaves scramble the perceptions of those they hit.
